No dirt roads, just the convenience of an accessible road. Hikers will enjoy the nearby hiking trails, including the famous Fuente de los Cien Caños, a natural monument with an impressive fountain of 101 spouts.

Upon entering, you will be greeted by a cozy courtyard with a refreshing fountain and shady trees. Around this courtyard there are four fully furnished and private guest apartments:

- Apartment 2: Spacious and rustic, with one bedroom and bathroom, dining room and kitchen on the ground floor and a second bedroom with separate toilet, living room and balcony on the first floor. Private courtyard with facilities for sunbathing and BBQ.
- Apartment 3: Currently used as a private residence, with a large courtyard terrace, outside toilet/boot/coat room, on the ground floor a living room with kitchen, and additional terrace to the front of the house, a bedroom, a separate bathroom, a spacious living /dining room with brand new 13kw wood burner that quickly heats the whole room, and on the first floor there are another 2 bedrooms with new air con, and 1 bathroom, with plenty of storage space or space for 3rd bedroom.

From the private house you walk through to a separate room with a sitting area and room with washing machines and dryers

- Apartment 4: Cozy dining room/kitchen on the ground floor, on the first floor a living room, bathroom and bedroom.
- Secret Garden apartment: This apartment is located outside, completely private with its own small rock built swimming pool, garden with hammocks, living room and kitchen, bathroom and bedroom, and terrace.

Currently, it is a thriving business with a tourist license that is rented out 80 weeks a year for three apartments.

****Luxury Amenities****

The estate features a large communal swimming pool with a separate jacuzzi. The pool has had a heater for 18 months and was completely renovated in March 2024 and has been re-grouted with highly abrasion resistant epoxy grout.

The facilities also include a large private car park, 10 horse stables, shelters, round pen, an excellent riding arena with good drainage, and extensive storage options such as a locked-in tack room and space for hay storage, ideal for an equestrian centre. With a horse license for at least 17 horses and beautiful off-road riding routes, this estate offers everything for horse lovers.

****Sustainability and Amenities****

In addition to 'mains' tap water, filtered directly from the Cien Caños spring, there is a private well in the horse field. It doesn't have water all year round, but it's a bonus and it's been tested, it's almost standard drinking water, it just needs a filter.

The estate is energy efficient with 20 solar panels that significantly reduce energy bills. The annual IBI is around €200.00.

****Ready to move in and perfectly maintained****

This immaculately maintained estate is ready to move in and offers a unique opportunity for anyone who dreams of having their own business with horses and B&B. The current tourist license ensures that three apartments are rented out for 80 weeks a year, making this estate a thriving business.

Take this opportunity to enjoy the best that southern Spain has to offer, surrounded by nature, tranquillity and unparalleled luxury. Your dream of a private paradise is waiting for you!
