To the north are spectacular mountain ranges and to the south the beautiful lake Viñuela and the coastline.

The village lies along the scenic route of olive oil and mountains, which passes through olive groves and mountain ranges.

Periana is just a 40-minute drive from the airport and 40 minutes from the coast.

Periana has year-round tourism.

The previous owners have operated this business for years as a Bar/Restaurant and have rented out rooms on the first and second floors. There is also private housing.

The property consists of 3 floors.

On the ground floor is the beautiful authentic bar where customers can enjoy a drink. The restaurant is very authentically decorated and has a fireplace in the middle, making it a very cozy place in winter.

The restaurant continues to the back through a mezzanine with beautiful Moorish arches. There is a very nice patio that offers an intimate atmosphere when the weather is nice.

A large kitchen is equipped with all professional kitchen equipment.

On the first and second floors are all the rooms and some bathrooms that need some renovation.

Some double rooms with built-in closets have private balconies.

On the upper floor there is a very large terrace with a covered part ideal for use in nice weather.

There is a huge amount of storage space in the basement.

This property has thousands of possibilities including co-working spaces, business meeting rooms, hostel opportunity etc....

You can also rent out individual rooms or the whole upper floor, possibilities abound!

The bar-restaurant can benefit tremendously from this, as for example the business spaces would attract many customers who could consume before or after service, as well as the same employees of these companies for lunch, breakfast, coffee...
