Axarquía, Sedella

Unique Architect-Designed Villa with Exceptional Build Quality and Spectacular Views

Discover a truly one-of-a-kind property in the heart of Andalusia—a villa designed and built by an English architect and builder, setting it apart from anything else on the market. Crafted with meticulous attention to detail and outstanding quality, this home combines timeless architecture with modern comforts and superior acoustics, thanks to its current owner, a leading figure in the world of audio design.

Situated on an expansive 40,000 m² plot, the property offers endless possibilities—including space to create a large private swimming pool, landscaped gardens, or even additional amenities. Adjacent to the main house, you'll find a charming 40 m² casita, fully equipped with its own kitchen and bathroom—ideal for guests, staff, or as an independent workspace.

Beneath the villa lies a spacious garage, accessible through impressive bespoke wooden doors, offering versatile potential as a workshop, gym, studio or easily 4 more bedrooms. Surrounding the home are nearly 100 m² of terraces and solariums, delivering breathtaking panoramic views of the majestic Sierra de Almijara mountains.

The build quality of this villa is exceptional and rare in the region, featuring 50 cm thick walls, solid foundations, and soaring high ceilings. Inside, you'll find custom-built hardwood interiors and furniture, creating a warm, timeless ambiance with unparalleled craftsmanship throughout.

The main house boasts three bedrooms, each with its own ensuite bathroom and direct access to the terraces—blending indoor and outdoor living seamlessly. The bright, open-plan main living area connects to the upper terrace, offering a perfect setting for entertaining or relaxing with stunning mountain views as your backdrop.

This is not just another villa—it's a masterpiece of design and quality, unlike anything else you'll find in Andalusia.
