Therefore, it is located very close to Marbella but far from the noisiest and liveliest areas: very close to the wide beaches of the eastern coast of Marbella but far from the inconveniences this entails for residents. Proximity to the Costa del Sol's largest hospital and prestigious golf courses makes it the focus of attention for those looking for a new home on the Costa del Sol. Santa Clara Homes has sought to bring the open feel of the natural surroundings into the design of each home. Exceptionally spacious combined living spaces enhance the sense of integration and harmony with the local environment. In fact, we have made every effort to achieve quality specifications that are hard to match in any other residential complex on the Costa. Large-format porcelain tiled floors, combined living room and kitchen areas, and panoramic windows in both bedrooms and living room make optimal use of natural light throughout the day. Spectacular terraces are perfect for outdoor meals and relaxation in the best of company. Kitchens have been designed as an integral part of the living area to create a bright and spacious living space for all-day use. Specifications reflect the quality you would expect from such a high-quality project, with quartz countertops, fitted appliances, and integrated LED lights to provide warmth and sophistication. In the bathrooms, the elegance of large-format porcelain tiles reflects our overall commitment to quality and design.
