The property offers 189 m² distributed as follows: Upon entering the hall, directly in front you'll find the spacious living and dining area, connected to a lovely terrace. Adjacent to this space is a smaller room currently used as a study, with large windows offering plenty of light. To the right of the entrance, there is an additional room created by enclosing a part of the former terrace, now integrated into the living space. On the left-hand side of the hall, you enter the main wing of the home, where the kitchen and bedrooms are located. The kitchen has a separate entrance, making it possible to divide the apartment into two independent units if desired. The kitchen also connects to a small terrace with a laundry area and extra storage space. As you walk down the hallway, you'll find a large built-in wardrobe perfect for coats and extra storage. On the left side, there is an independent bathroom with a shower. Further along, there is a bedroom with an en-suite bathroom. Then comes the master bedroom, also with an en-suite bathroom and shower. Finally, there's another individual bedroom. The entire apartment is fitted with Climalit double-glazed windows, wooden laminate floors, and smooth white walls, which fill each room with beautiful natural light. **Key Features:** Just 5 minutes by car from the beach Exceptional spaciousness + proximity to essential services **LOCATION** Fuengirola's city center is ideal for families thanks to its welcoming and safe atmosphere, as well as its wide range of available services.
