## Malaga Inland, Guaro

The townhouses draw inspiration from southern European architecture, reinterpreted through a contemporary lens to create homes that are both elegant and inviting. Clean architectural lines are softened by natural materials and warm tones, establishing a strong sense of character and connection to the surroundings.

Each residence is thoughtfully arranged across two or three levels, offering a natural rhythm between shared living spaces and private retreats. Expansive interiors open seamlessly onto gardens and terraces, encouraging an indoor-outdoor lifestyle filled with light, openness, and comfort.

Well-planned layouts include three bedrooms, generous storage, and in select homes, basements that can be transformed into wellness areas, home cinemas, or creative studios. Every detail is designed to support flexibility and modern living needs.

These townhouses are crafted for meaningful everyday moments - bringing together privacy, connection, and a relaxed, resort-inspired way of life in a refined residential setting.
