Axarquía, Sayalonga

Stunning rural villa in perfect condition with 6 bedrooms and pool, only 15 min from the sea! This beautiful property with private pool is located approximately 1km from Sayalonga and is truly what rustic living is all about. Built with the stones from the original finca, this magical villa is filled with charm and carefully selected antique details.

The house has a very private location with no close neighbors yet close to all amenities in Algarrobo-Sayalonga - and only 15 minutes to the beach!

There is plenty of space for a few cars on the lot.

The house is surrounded by a cozy garden with fruit trees and palm trees. The entrance leads through a pergola with a fountain.

Here you can enjoy the sun on one of the many terraces around the house, by the pool or on the welcoming veranda.

You enter the house through a wooden door from the XVII century and are met by a large living room with high ceilings and a fireplace with a cassette for spreading the heat to all rooms in the house.

On this floor there is also a kitchen, three bedrooms and a bathroom. From the living room and kitchen you reach a lovely covered terrace where you can enjoy meals while admiring the fantastic view.

An impressive staircase leads up to the upper floor and three further bedrooms:

- the master bedroom with fireplace and walk-in closet and bathroom with jacuzzi.
- two bedrooms with room for a double bed, one of which can be used as a second living room with its huge windows and fantastic views.

There is also a small basement with a built-up area of 11.11 square meters.

The garden has two storage rooms. The entrance door is automatic with video intercom and alarm system. Sturdy iron bars for all windows. Municipal water.

This villa must be seen!
