Breathtaking Views

- Enjoy incredible views over the valley, Lake Viñuela, and the Mediterranean Sea from every room, the Shala, the sun terrace by the pool, and almost everywhere on the premises.

Andalusian Village Feel

- The complex is designed like a small Andalusian village (pueblo blanco) with narrow corridors, beautiful stairs, a real patio, and a mature, all-organic garden filled with the most beautiful flowers, plants, and trees.

Current Use and Potential

- Currently operated as a yoga retreat, the entire complex is rented out to yoga teachers worldwide, providing their own programs with three meals a day served by the managers. Ideal for retreats but can also be converted into a B&B or small hotel.
- Room Conversion: The 9 single rooms can be easily converted into 6 double rooms or 3 apartments. The Shala and therapy rooms can be adapted for extra rental or living space.
- Central Heating: Available in all buildings, but no air conditioning. This was a conscious choice by the current owners who operated commercially only five months a year with high occupancy and turnover.
- Storage Spaces: Available at various locations on the 10,000 m² site.
- Water Supply: Includes a 25,000 m³ water deposit (regular city water) and solar panels for hot water in the bathrooms.
- Casa Rural Permit: For 11 people.

- Málaga Airport: 65 km / 1 hour
