Costa del Sol, Mijas Costa

Mijas - Málaga: The Joy of Living

This new project is located in the municipality of Mijas, in the heart of the Western Costa del Sol—a town that perfectly blends beach tourism with a welcoming residential atmosphere. With its privileged location between the sea and the mountains, Mijas offers endless charm. Winters are mild, and summers enjoy a warm, yet moderate, climate.

The coastline of Mijas is rich in biodiversity, where a variety of Atlantic and Mediterranean species coexist. This area has a unique appeal, offering a blend of tradition and adaptation to modern times, while staying true to its authentic roots. Living by the coast, you can savor an array of fresh seafood, caught daily, paired with the renowned sweet wines of the Málaga region and delicious Arab-inspired pastries. You'll also find a range of prestigious restaurants serving locally sourced dishes of exceptional quality.

A Place Steeped in Culture

La Cala de Mijas preserves a significant historical heritage, reflected in its four towers: Torre de Calahonda, Torre Batería de la Cala del Moral, Torre de Calaburras (dating back to the 16th century), and Torre Nueva de la Cala del Moral from the 19th century. In Mijas Pueblo's historic center, there are plenty of places to visit, including the remains of the Arab Wall, the Hermitage of the Virgen de la Peña, and other historical landmarks such as the Flour Mill, the Historical-Ethnological Museum, and the Contemporary Art Center.

Project

This new project is a modern, gated residential complex designed for comfortable living. Construction has already begun, and sales officially start in March 2025, with delivery expected by the end of 2026—now is the time to reserve your unit! The development includes 72 apartments with 2, 3, and 4 bedrooms, available on the ground floor, first, second, and penthouse levels. Most homes are south or southwest-facing, offering stunning sea views from many units. Ground-floor apartments feature lovely private gardens, while penthouses come with spacious terraces. Each home includes at least one parking space and a storage unit. Every detail has been thoughtfully crafted to make this your future home, offering stylish and functional urban living with top-tier finishes.

In addition to these luxurious amenities, public transportation is conveniently located just around the corner, and the area is surrounded by numerous shops, bars, and restaurants to make day-to-day living easy and enjoyable.

Community Spaces

The communal areas are designed for relaxation and fitness in a peaceful setting. New Project offers beautifully landscaped gardens with a community pool, a gym, and a social-gourmet lounge, so you can make the most of your free time.

Pool

The pool is designed to make summer days cooler and more enjoyable.

Gym

Staying fit and leading a healthy lifestyle has never been easier. Enjoy your workout without leaving the community.

Social-Gourmet Lounge

The social-gourmet lounge is a fully equipped, elegantly modern space where you can host memorable gatherings with friends and family.
